

16th International TÜV Rheinland Symposium

Functional Safety and Cybersecurity in Industrial Automation
September 15 and 16, 2026 in Cologne – Germany.

Functional Safety and Cybersecurity are essential to ensure safety, availability, compliance, efficiency and trust in modern industrial environments. In a highly networked industrial landscape, safety and cybersecurity are becoming key success factors. This development unleashes enormous efficiency potential – but at the same time offers new areas of attack and creates complex risk profiles.

The industry is currently characterized by new technological developments: Not only the EU Machinery Regulation, but also the Cyber Resilience Act (CRA) define legal requirements that demand a holistic understanding of security from companies.

The increasing use of artificial intelligence (AI) also offers potential for progress and efficiency – while at the same time creating new risks in terms of security and regulation.

Functional Safety, Cybersecurity and AI have a significant impact on the success of companies and industry today. At the same time, they pose current challenges.

This year's TÜV Rheinland Symposium will focus on these topics and developments in the various industrial application areas. Experts and specialists from industry and science will offer practice-orientated presentations as well as opportunities for an interactive exchange of experiences.

Participants can take advantage of the networking opportunities with industry colleagues and the chance to engage in direct dialogue. Benefit from the expertise and inspiration provided by presentations, keynotes and discussions..

TOPICS

- Cyber Resilience Act (CRA)
- New EU Machinery Regulation
- AI and Security
- Functional Safety versus Cybersecurity

IN COOPERATION WITH

Altera, Germany | Amazon Robotics, USA | AUMA Riester GmbH & Co. KG, Germany | Bayer AG, Germany | Bosch Rexroth AG, Germany | Boston Dynamics, USA | German Federal Office for Information Security, Germany | dacos GmbH, Germany | EFSTAS, United Kingdom | HIMA Paul Hildebrandt GmbH, Germany | Huawei, Germany | I & E Systems, Australia | Ikerlan, Spain | infoteam Software AG, Germany | Kontron AIS GmbH, Germany | Lenze, Germany | Mesco Engineering, Germany | NewTec GmbH, Germany | Noerr Partnerschaftsgesellschaft mbB, Germany | Petroleum Development Oman, Oman | Phoenix Contact GmbH, Germany | ProSalus Safety Consultants Ltd, United Kingdom | RAMSYS GmbH, Germany | Rockwell Automation, United Kingdom | Saudi Aramco, Saudi Arabia | ScienceLoft GmbH, Germany | Shakti Corp Pty Ltd, Australia | SICK, Germany | T V C, United Arab Emirates | TEFDÖ, Turkey | TÜV Rheinland i-sec, Germany | TÜV Rheinland UK, United Kingdom | Worley GmbH, Germany | Yokogawa, Netherlands

Organisation

DATE

Tuesday, [September 15](#) and
Wednesday, [September 16, 2026](#)

Registration on 1st Day: [8:30 a.m.](#)
Start on both days: [9 a.m.](#)

FEE

890 €

EARLY REGISTRATION

[790 €](#) | For registrations made until [July 15, 2026](#)

- The fee includes attendance at the Symposium, refreshments, lunch and dinner + evening program.
- The fee (free from all deductions) is payable on receipt of our invoice before start of the Symposium.
- The fee does not include accommodation costs.

VENUE

[TÜV Rheinland Headquarters](#)

Room: Rheinland Saal

Address: Am Grauen Stein | 51105 Cologne | Germany

TARGET GROUP

- Integrators of safety relevant installations.
- Manufacturers and designers of safety-related components and systems.
- Operating companies, testers, security experts and specialists, approval authorities.

CONFERENCE LANGUAGES

German and English (in simultaneous translation)

PROCEEDINGS

The proceedings/presentations will be published on the TÜV Rheinland website for Functional Safety.

Participants will be informed by email accordingly.

ABENDPROGRAMM

[1st Day – Boat Trip](#)

Pick-up from TÜV Rheinland Headquarters': [5.30 p.m.–5.45 p.m.](#)

Boat Departure: [6.30 p.m.](#)

REGISTRATION

- Please register in writing by e-mail using the enclosed registration form.
- You will then receive a confirmation of your registration and details how to get to the symposium.
- The number of participants is limited.
Please ensure your participation by early registration.

HOTEL RESERVATION

Hotel room reservations cannot be made through TÜV Rheinland.

Program – Day 1

Welcome

Thomas Steffens

TÜV Rheinland Industrie Service GmbH, Deutschland
Automation | Functional Safety & Cybersecurity

Moderators

Joerg Krämer, Florian Kiel

TÜV Rheinland Industrie Service GmbH | Germany

////////////////////////////////////

Scope and Compliance Approaches to the Requirements of Current Cybersecurity Regulations

Jens Kluge

German Federal Office for Information Security (BSI) | Germany

Reality Matters – The Trust Challenge in Times of Rapid Changes

Michael Lemke

Huawei | Germany

The AI Act from a Product Regulatory Perspective: Key Requirements at a Glance

Julia Meggyes

Noerr Partnerschaftsgesellschaft mbB | Germany

VDI/VDE 2180-5 This is what you really need for Functional Safety

Dr. Gregor Schmitt-Pauksztat

Bayer AG | Germany

● COFFEE BREAK

PANEL DISCUSSION

Machinery Regulation & Cyber Resilience Act (CRA): Just Security4Safety?

Michael Niehaus

Lenze | Germany

Carsten Gregorius

Phoenix Contact GmbH | Germany

Franz Dold

SICK | Germany

Gebhard Bouwer

TÜV Rheinland Industrie Service GmbH | Germany

End approx. 5:00 p.m.

Registration

By e-Mail to: fscs.symposium@tuv.com

I WISH TO ATTEND

☐ 16th International Symposium Functional Safety
and Cybersecurity in Industrial Automation
September 15 + 16, 2026 in Cologne, Germany

☐ Evening Program and Dinner
Tuesday, September 15, 2026
Start: 6:00 p.m.

PARTICIPANT

Surname

First Name

Company

Department

Address

City / County

Date / Signature

CONDITIONS OF PARTICIPATION

Please submit your registration in writing to TÜV Rheinland Industrie Service GmbH as soon as possible. Your registration is binding as soon as it has been confirmed in writing. **Fee:** The fee (without deductions) is due on receipt of our invoice and must be paid prior to date of Symposium. The fee does not include accommodation costs. **Arrangements:** The organizer reserves the right to substitute speakers and/or postpone the conference or make changes to the program. **Cancellation of registration:** Cancellation of registration must be submitted in writing. Please understand that due to the limited number of participants, we are obliged to retain 50% of the fee for cancellations, which arrive later than 14 days before the start of the conference. The entire fee must be paid in case of cancellations, which arrive later than 7 days before the start of the conference and participants who leave during the conference. **Liability:** If an event must be cancelled due to reasons for which TÜV Rheinland Industrie Service GmbH is answerable, only fees, which have already been paid will be refunded. Further claims are excluded. For damages for which TÜV Rheinland Industrie Service GmbH is answerable, the company shall only be liable in so far as it is found guilty of intent and/or gross negligence. **Note:** With regard to the German Data Protection Law please note that your personal details will be stored, so information from TÜV Rheinland AG only can be sent to you.

☐ I accept the Conditions of Participation

☐ I accept that my name, company and country will be indicated in the Participant's List, which will be available to all participants of the Symposium.
